Background	The Temple of ALTIS is one of the most powerful in Tehmor. The Southern Cities are the most populous cities of the Overworld where it is not illegal to be Evil and, as the strongest God of Evil, ALTIS commands a large following in the City. The majority of the Temple's followers are in the East Side of the City, but there are many worshippers (and a few smaller Temples) in the West Side too. The Temple of ALTIS generally aims to lead the Evil Temples in opposing the Good Temples, rather than plotting against the other Evil Temples. But each Temple (and sub-factions within it) has its own agenda. Each of the two main Temples has		

	its own Guard: the High Temple Guard and the Second Temple Guard, each comprised of elite Fighter/Clerics who are more interested in demonstrating the power of ALTIS by shows of strength than preaching. Needless to say, there is a fierce rivalry between these two Guards - although they will join together against a common foe.
