Tarot Card	XVII The Star
Alleyman's Tarot Card:	XVII The Star (Page No. 31)
No. & Name of Plot:	17. <i>A Star Falls</i>
Expansion	Base Game
Description	A Star Falls in the City.
Specify	Specify (i) where the Star falls (which should be a place or Location on the Board, and may be in the sea or river) and (ii) any manifestation of its fall (which will fuel the initial Rumours). You may also specify secretly to the DM the nature of the Starfall, which you may play. SC: The Star may fall outside Tehmor, anywhere on the Sacred Circles Board.
Notes	Stars fall from the sky all the time, and are not necessarily Chaotic manifestations of the power of The StarWeb. The Star may not even be Chaos falling from the sky - it could be a ChaosMaster crashlanding in Tehmor or even a hoax created by Illusionists, or it might indeed be a manifestation of The StarWeb (which is much diluted by the Law of the World the longer in time from its original Fall on 13 XI 605). The Plot is triggered by the Starfall and (being Chaotic) may take on a life of its own, not necessarily under your control. / FgF: If The StarWeb or Chaos Masters are Activated and the Star is specified as StarWeb or a Chaos Master, the Player of the Plot may specify whether the Star is initially to be played by the Player who has Activated the applicable Faction or by themself (perhaps as a rival StarWeb or ChaosMaster).
